

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1990

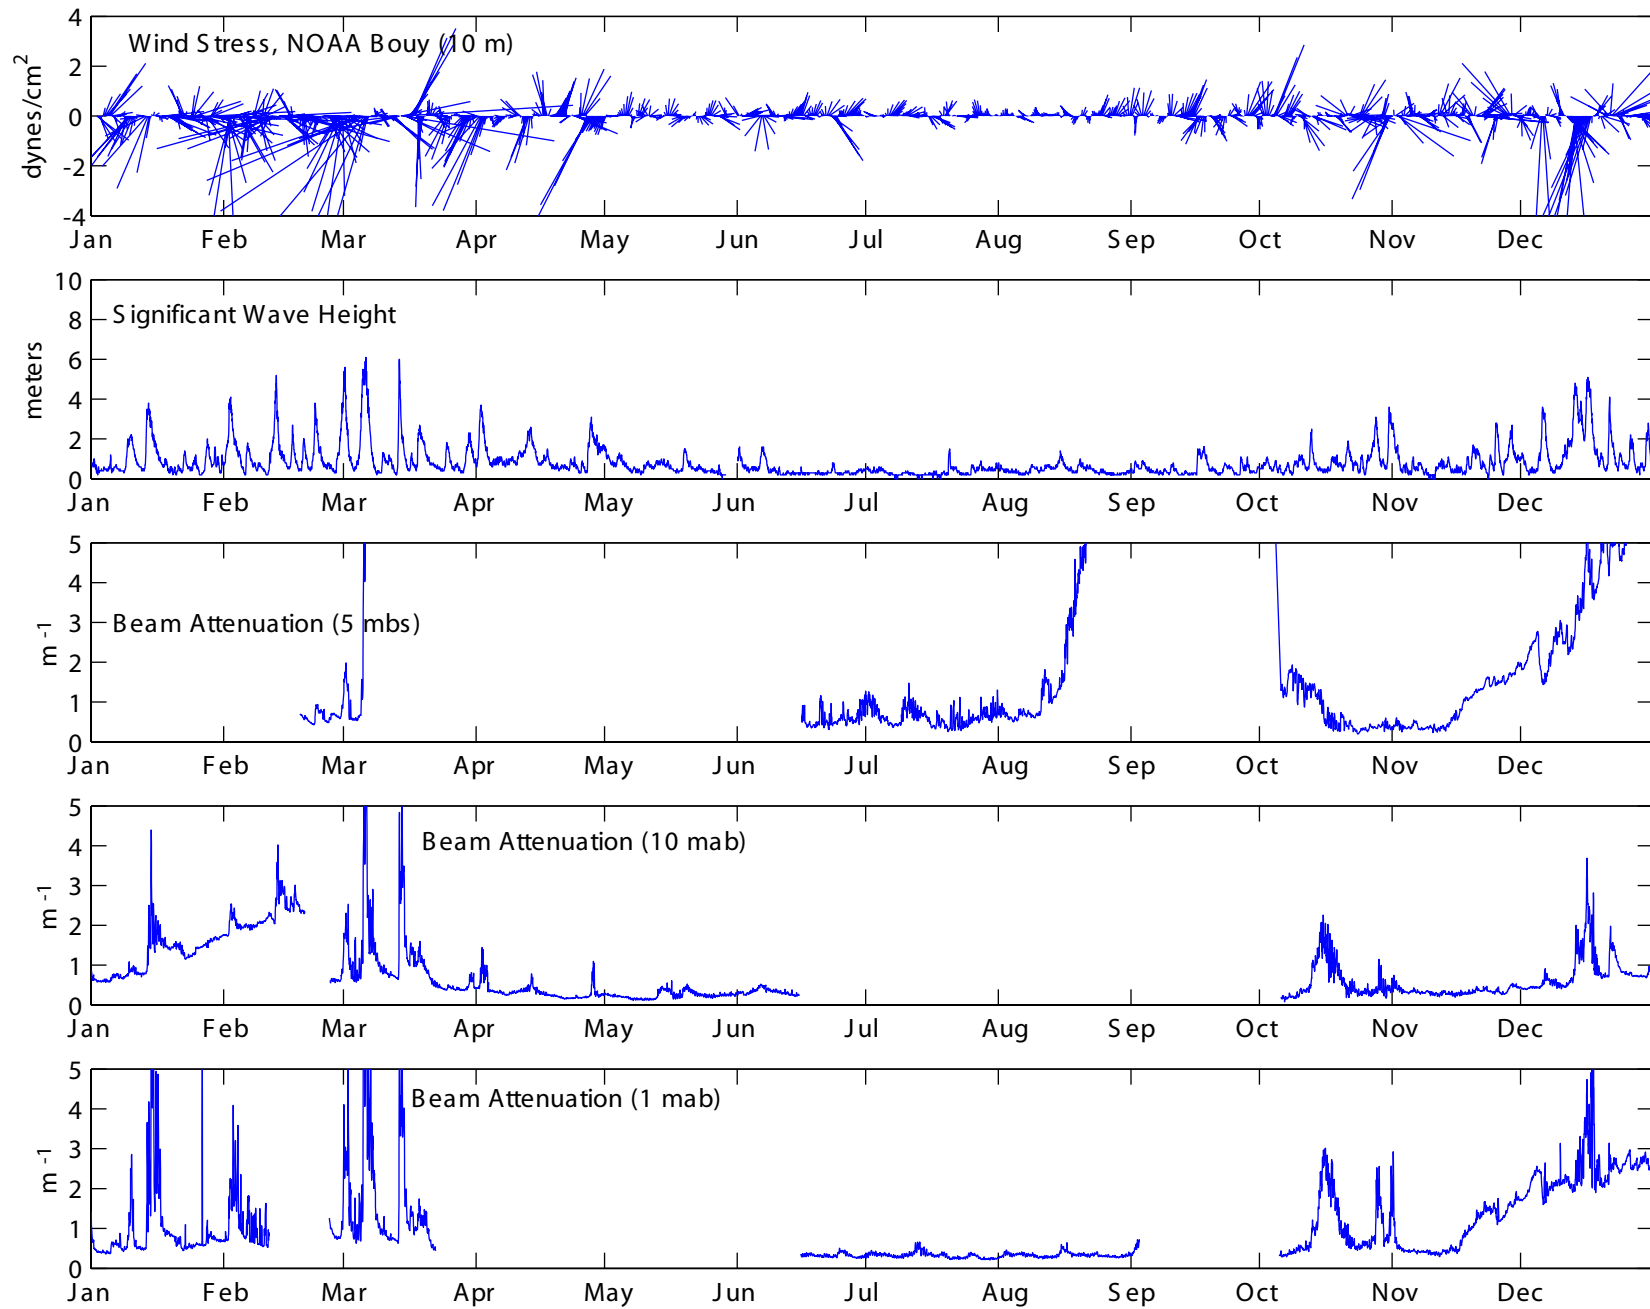

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1991

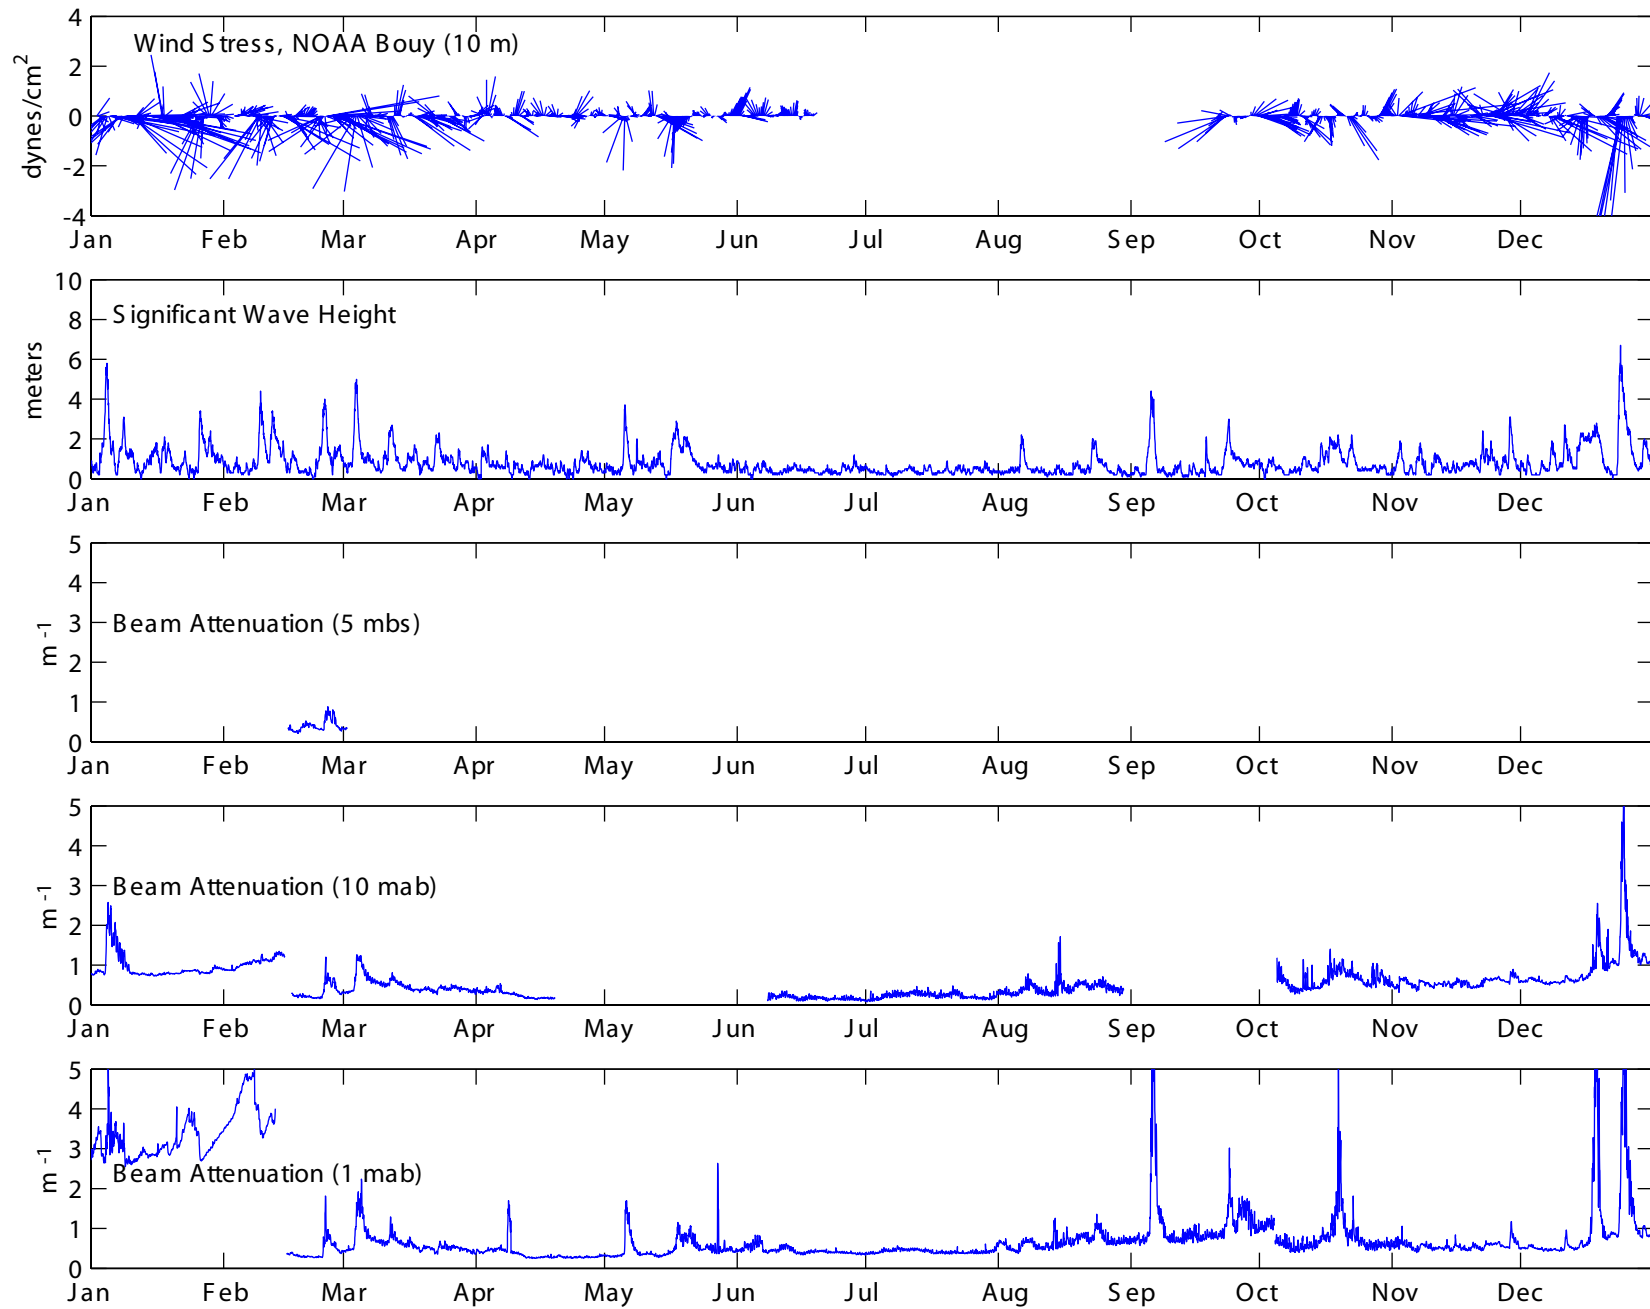

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1992

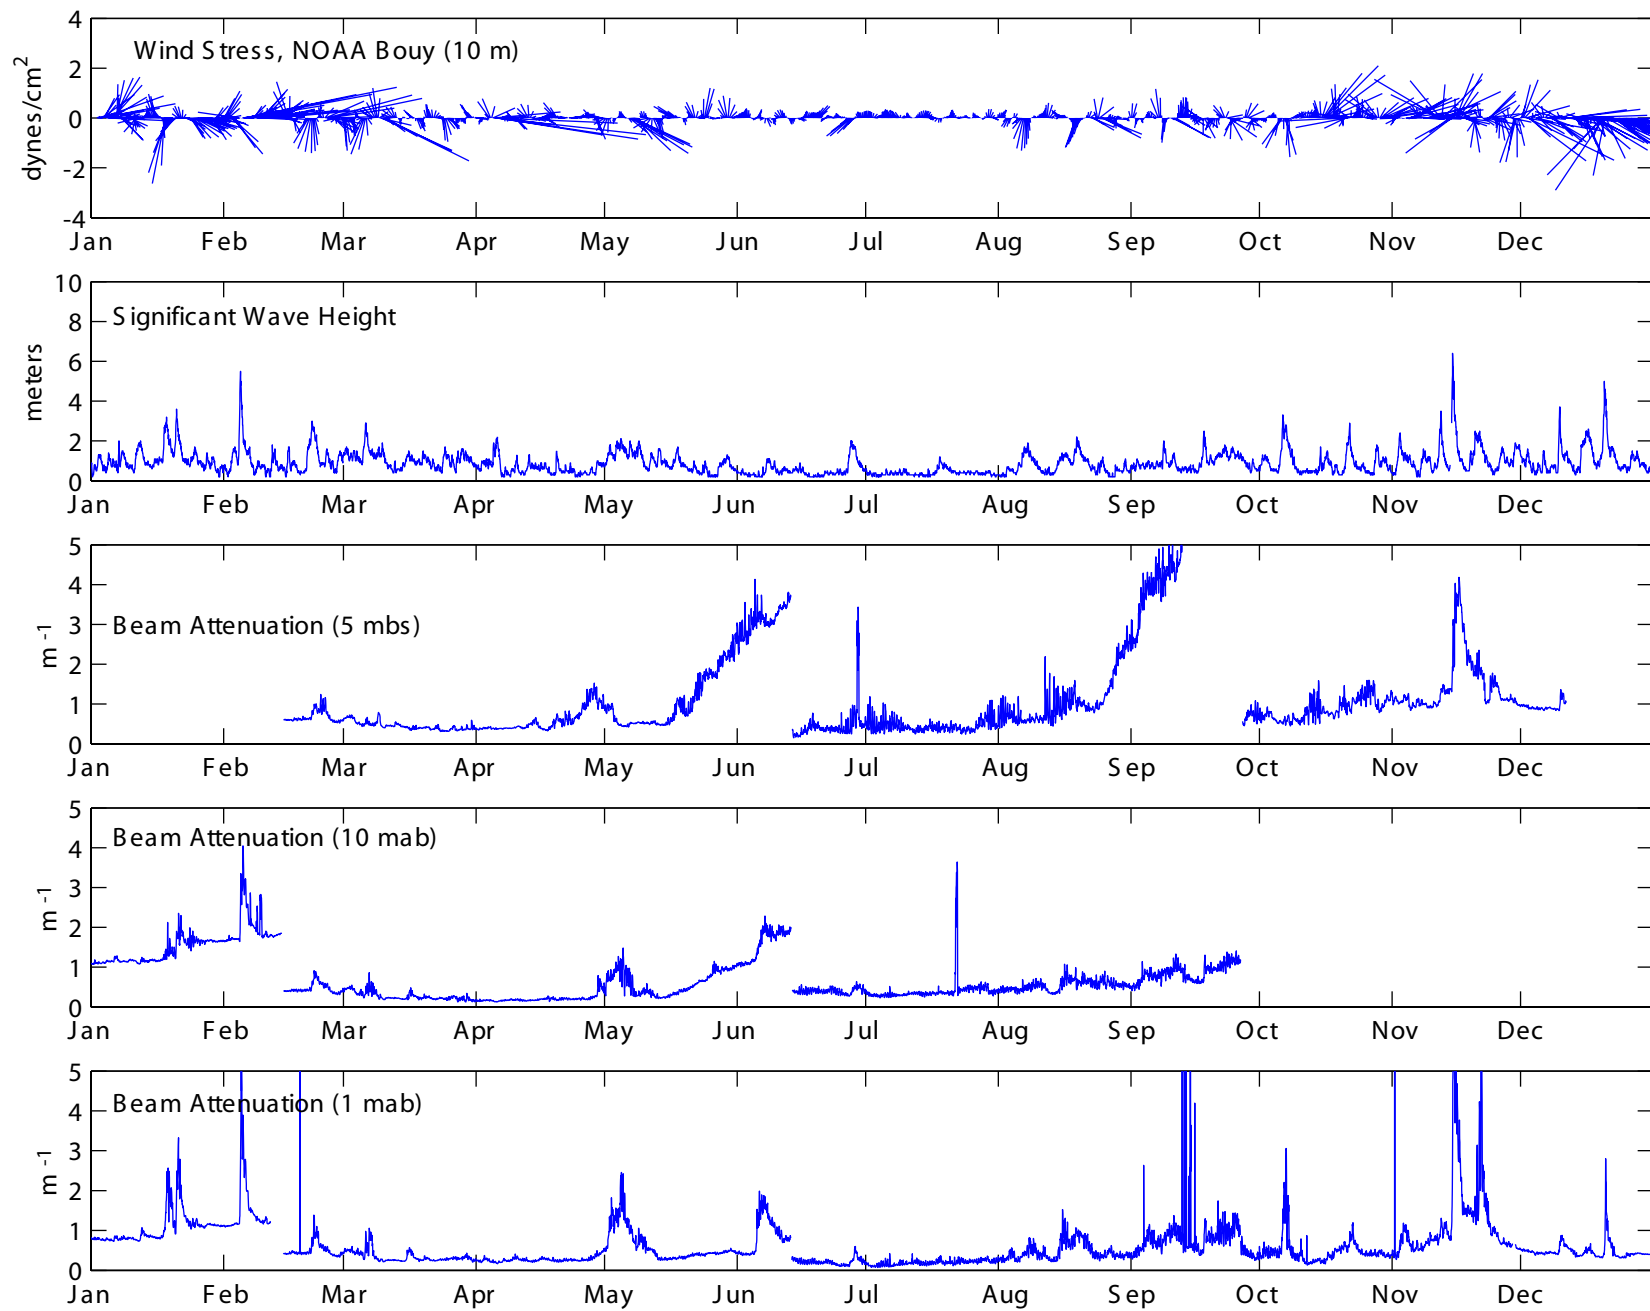

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1993

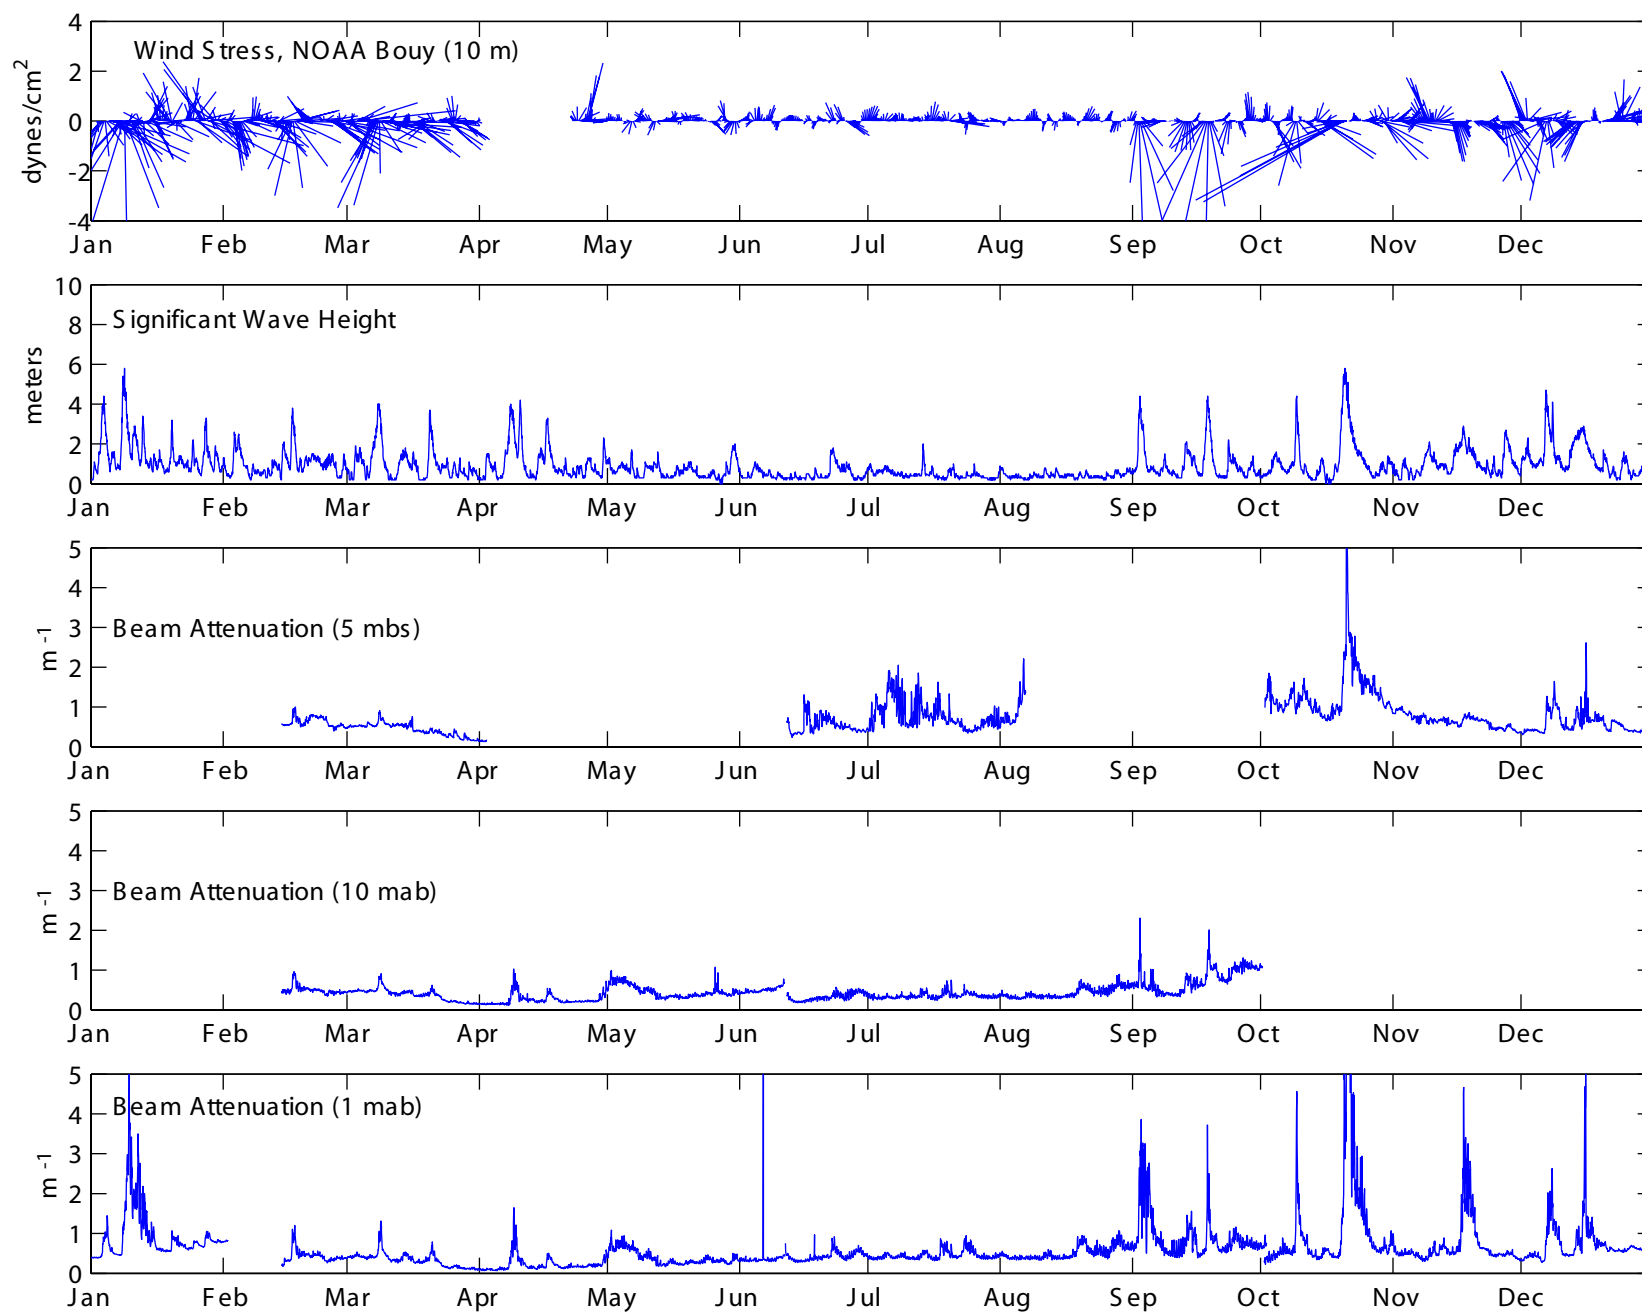

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1994

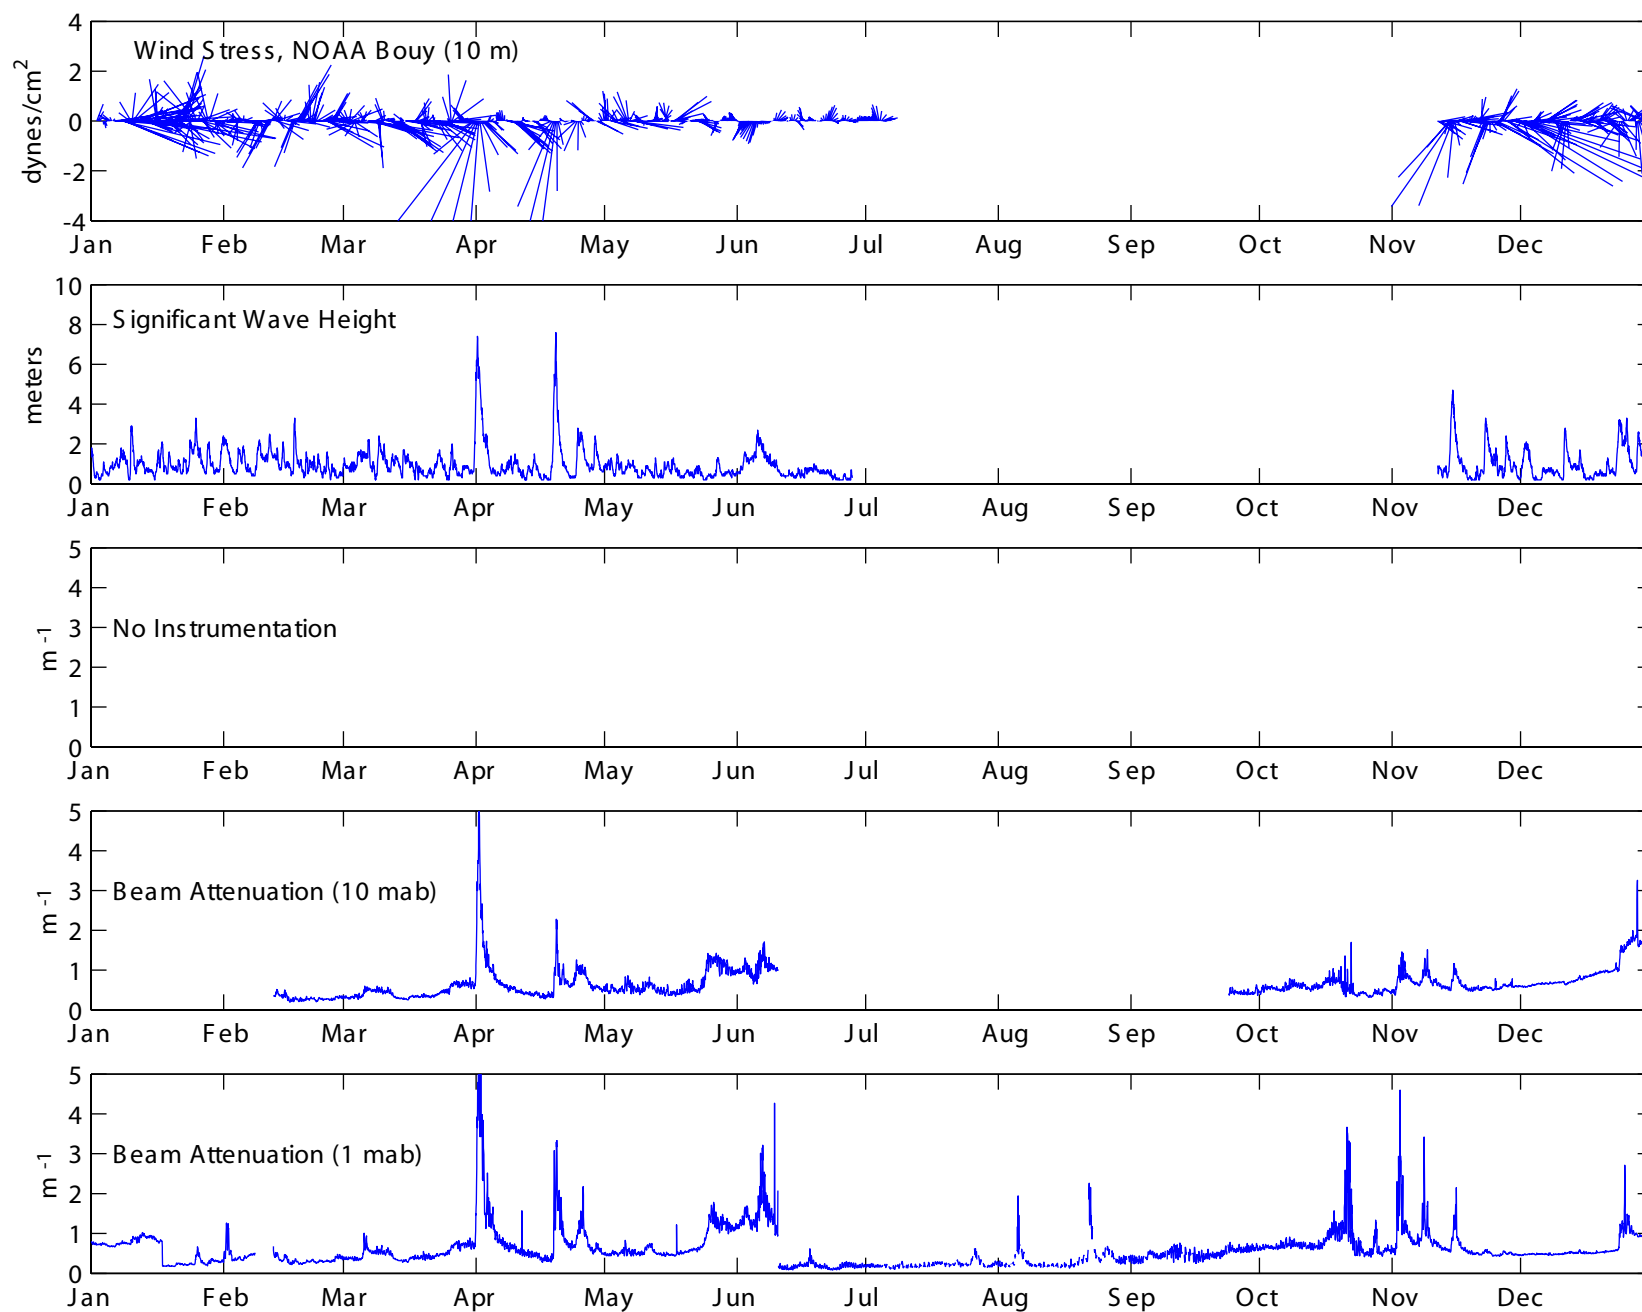

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1995

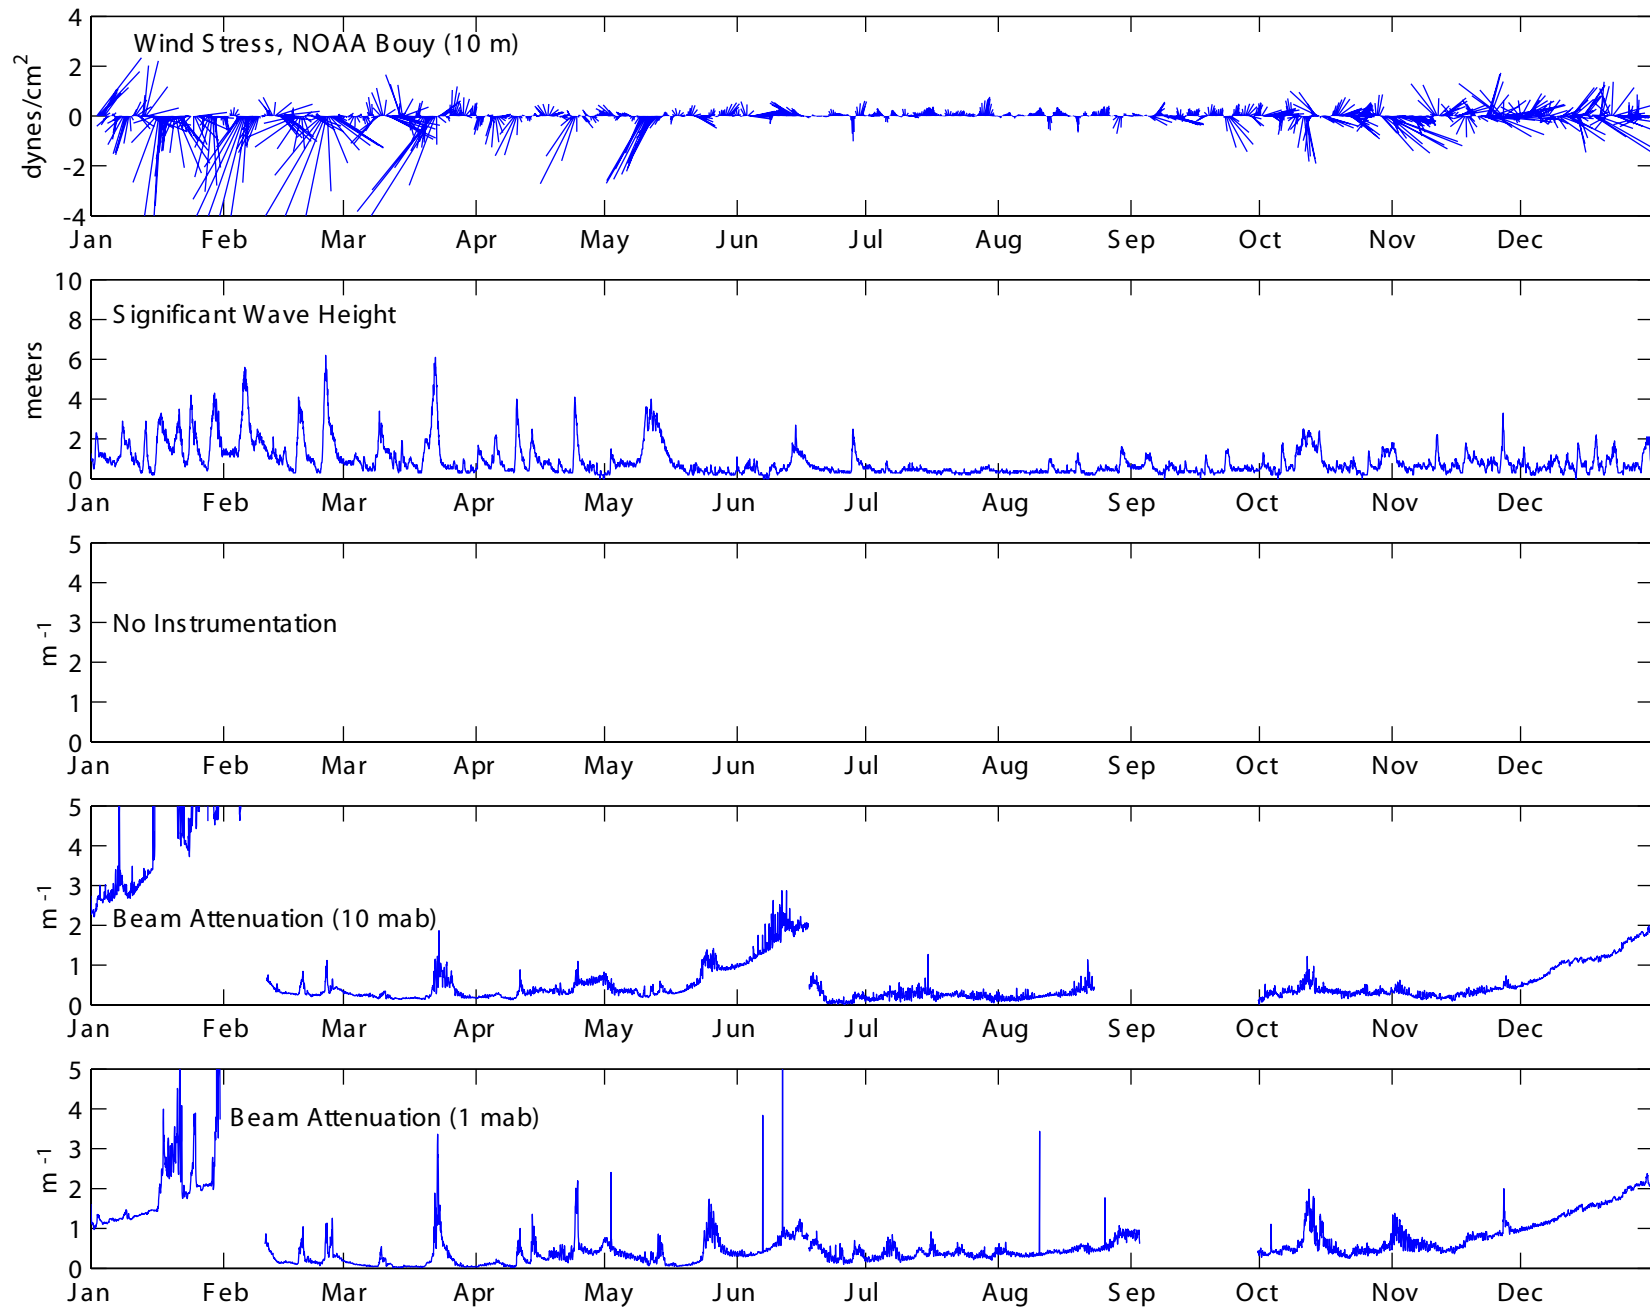

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1996

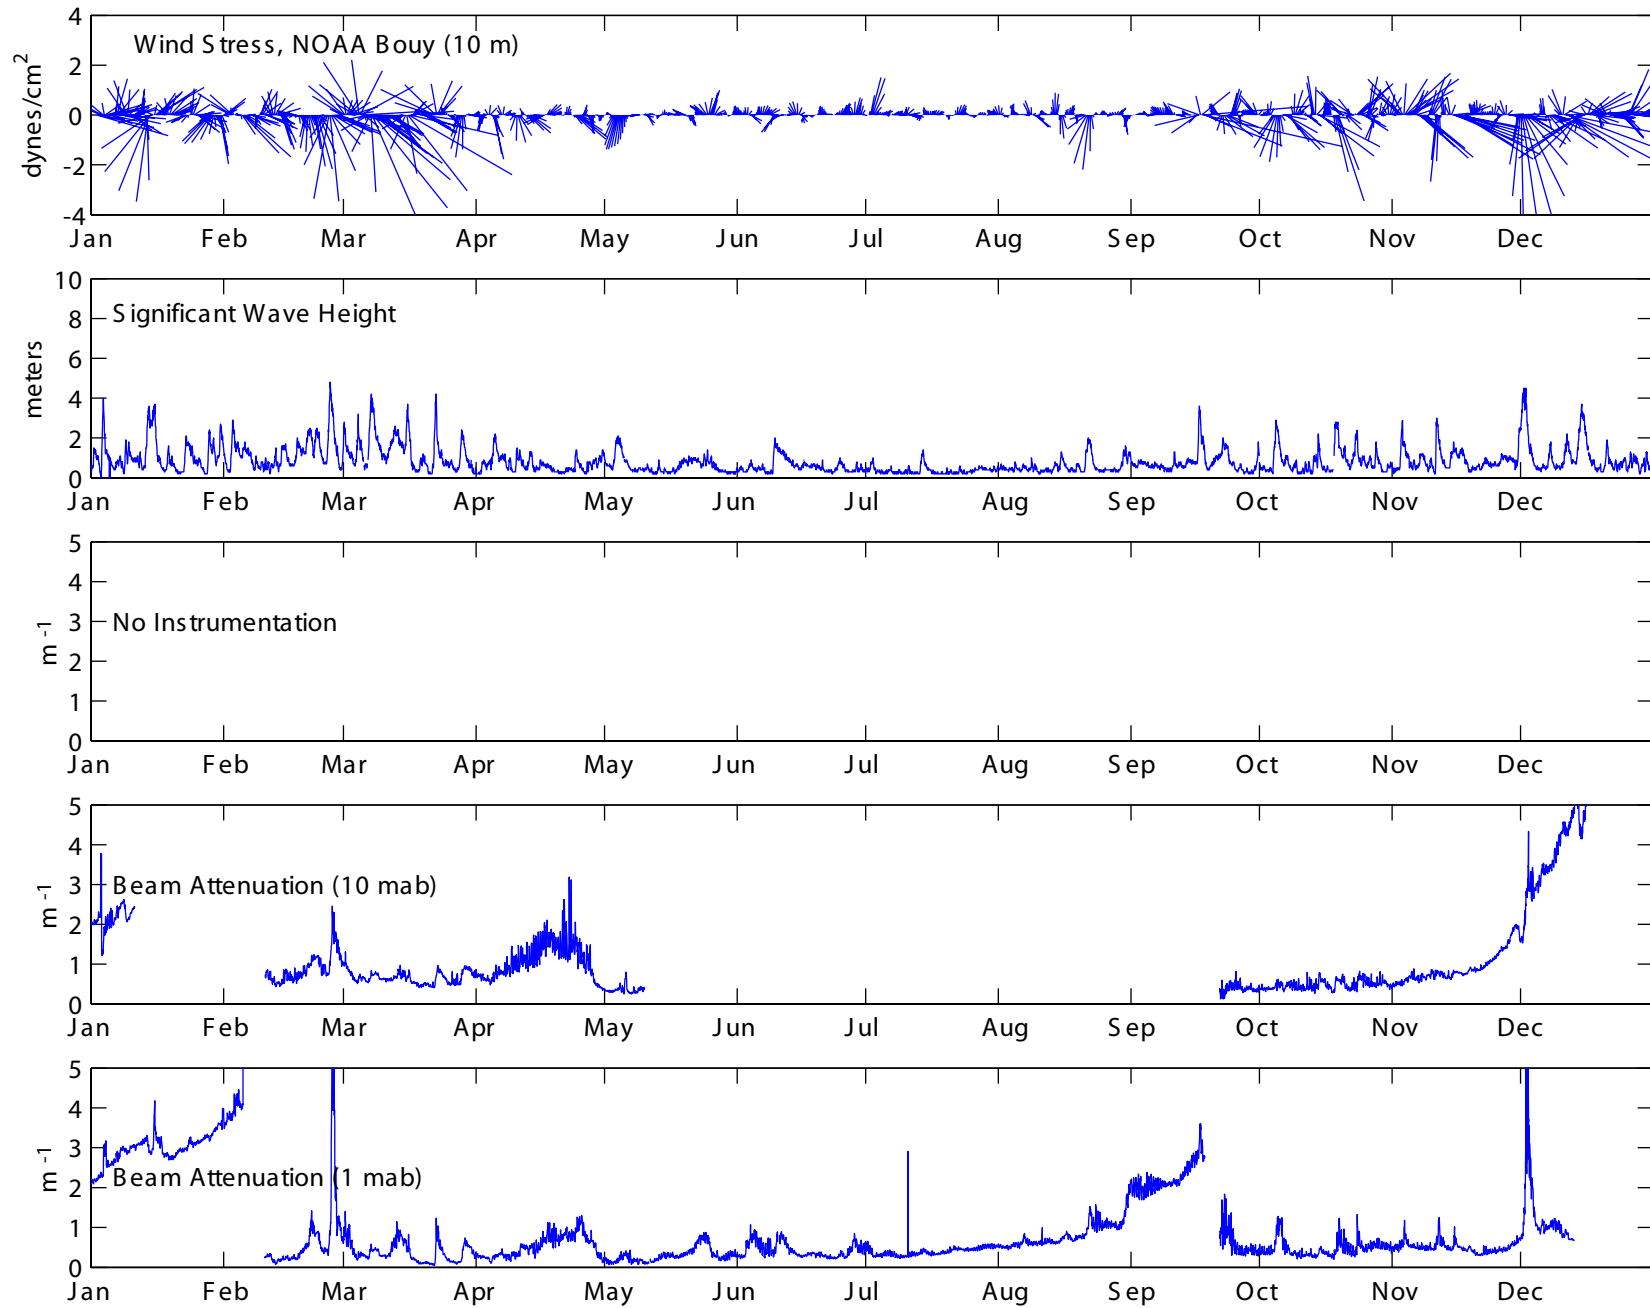

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1997

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1998

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 1999

Low-passed wind stress, and hour-averaged significant wave height and beam attenuation: 2000
